

FEARNHILL SCHOOL

Careerfile - Issue 56 4th February 2026

National Apprenticeship Week

Next week is the annual National Apprenticeship Week! This brings together the entire apprenticeship community to celebrate everything that is amazing about apprenticeships. There is lots of apprenticeship content in this edition of Careerfile, as well as the fortnightly information shared along with the weekly emails we send out.

Careers Alumni Event

Taking place next month! We cannot wait to see what ex-students are doing and welcome them back to inspire the future generation!

Year 9 Options Process

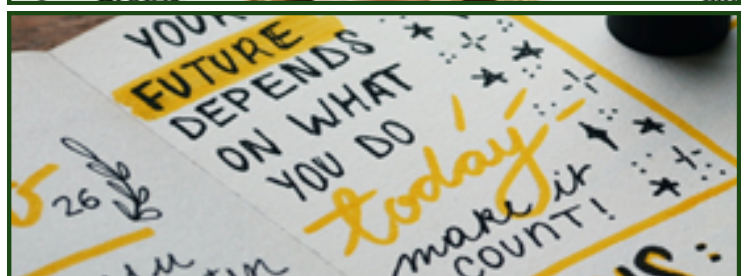

We held an assembly last week with year 9 students to talk about which subjects might be available as an option. A slideshow was played showcasing which subjects we would like to consider offering. Students have been asked to complete a google form selecting their top 3 favourite subjects plus a fourth reserve. This is not them making their choices - it just gives us an idea if any of the new courses have enough interest to run next year - the 2 new courses are construction and photography. Students can change their mind later as they will have more time to find out about the different options during the options process and the options evening. The final subjects available will be shared with the year 9 students and parents.

Year 11 Sixth Form Interviews

Sixth Form Interviews took place last week for students who have applied to join our Sixth Form in September. Applicants were invited to meet with a member of the Senior Leadership Team. Students were a credit to themselves and the school, discussing their next steps and why they think the sixth form would be the perfect fit for them. Good luck to them all, we hope they all get unconditional offers... those who get conditional offers have time to knuckle down before exam season!

Ms Balchin, Careers & PSHE Lead

Look out every fortnight for new features - all things career related!

Empowering Positive Change through Careers Education

YEAR 11 POST 16 OPTION CHOICES

It's that time of year when our Year 11 students are having to make important decisions about their career paths after Year 11.

I am pleased to say that they are taking such an important decision-making process seriously and researching their options thoroughly before applying for courses and attending interviews.

There are many useful websites that can support you with career suggestions and matching your personality to a future career such as:

[Careerpilot](#)

[U-Explore](#)

[National Careers Service](#)

It's not too late to apply for College and you should be applying NOW. Check your emails that you are sent with all the opportunities and open evenings that are coming up.

Get looking, get thinking – it's your future.

Any questions please email me.

YEAR 10 WORK EXPERIENCE

Year 10 Work Experience has been confirmed for 2026!

This will take place from Monday 13th - Friday 17th July

Students will begin preparing for this in March, we will share a timeline of details and what they will be doing and when in the build up to them going out into the world of work.

Getting the most out of WEX:

- | | |
|---------------------------------|--------------------------------|
| 1. Make a good first impression | 6. Make suggestions |
| 2. Get to know people | 7. Offer to help |
| 3. Be organized | 8. Make notes |
| 4. Get involved | 9. Ask for feedback |
| 5. Ask Questions | 10. Reflect on your experience |

Keep checking your school emails Year 10, this is where we will send any information you may need.

SPECIAL MENTION - FEBRUARY

Skye 11G has aspirations to become a forensic psychologist.

Skye has made an online application for Long Road sixth form as her first choice. She is keen on staying on in the sixth form and has applied for psychology, criminology and performing arts. If she gets her expected grades, Skye will take biology as an extra subject. She had her sixth form interview last week and said it went well.

Skye had a Services for Young People meeting with Jo Bains where she was given guidance and agreed on the following actions:  Attend interview at Long Road and then decide which sixth form you are planning to go for  Keep focused on maths and science as would like to get a higher grade than currently working at  Research careers websites for further exploration.

Great attitude Skye, we know you will be a success in whatever path you choose to follow.

Empowering Positive Change through Careers Education

CAREERS EVENTS

Here at Fearnhill, our students are lucky to have so much information at their fingertips!

We have had a number of Assemblies, talks and workshops recently with outside agencies who have come into school to deliver Careers options. Here is what we have had so far!

Future Smart delivered an Assembly to Year 8 and 9 students on Tuesday 20th January.

Students were informed about all things Apprenticeships!

Information included:

- Keeping options open
- What is an apprenticeship?
- Who are apprenticeships for?
- Levels of apprenticeships
- Where do apprentices learn?
- Range of apprenticeships and Employers
- Where to find apprenticeships

+ much more!

About FutureSmart Careers

- An independent careers company.
 - They work in schools and colleges in the south of England and South Wales.
 - A small to medium enterprise.
 - The staff work from home, some travel to schools & colleges to work.
 - Most of the staff are Careers Advisers
- They also employ people who work in admin, marketing and HR.

Apprenticeship Awareness

Student Feedback

What did you learn?

"There are so many jobs that offer apprenticeships."

"Respect." "You can learn and earn."

"Apprenticeships can have qualifications similar to GCSEs or even A-levels."

"you don't have to go university to get a degree you can do apprenticeships and get your degree in that."

"The depth of apprenticeships."

"There are many options after GCSEs."

"There are lots of apprenticeships."

"There are tons of jobs that you can be in and it was good see the hours and pay."

"If you choose the apprenticeship route you can finish with a qualification that is considered the same level as a degree that you would get through university."

"Apprenticeships put you ahead of others."

"About different types of jobs and what education you need."

"Salary can range from £15,000 - 30,000."

What did you enjoy most?

"Learning about apprenticeships"

"The explanation."

"The fact that I had new information given to me at a steady rate was quite enjoyable."

"I enjoyed learning about the different jobs within one job - that was cool!"

"The opportunity aspect of the apprenticeship."

"Information about my future."

"The detail of info given."

"Searching through all the jobs and finding one we didn't know about."

"Taking part on the chrome books."

"Not feeling as if I had to pick the apprenticeship route, that the assembly was just making apprenticeship an option to be aware of."

"It was nice to have people from outside school come in to talk."

"Learning that I can learn a job at 16."

"Looking at the different jobs that were listed."

What did you least enjoy?

"No interactive parts."

"I loved it all!"

"I can't remember anything that I didn't like about it."

"Nothing!"

"It could of been a bit longer as the detail of info was good."

"It just felt a bit rushed. If we had more time, we could have have looked at even more jobs."

"It was too short."

"The end!"

Amelie 8P, Lucy 9N, Chloe 8G,
Mia 9P, Lily Sparkle 9G,
Reuben 9N, Thomas 9G,
James 9P, Alex 9N, Eliana 9H,
Cohen 9G, Joseph 9G,
George 9P, Jacob 8N & Leo 8P

CAREERS EVENTS CONT'D

Following on from the Assembly, Year 9 students took part in a Career Aspirations workshop.

A presentation was given by FutureSmart Careers to students which included the following:

- Seeing what careers are out there
- Understanding that routes differ
- Exploring, not deciding

FutureSmartCareers

Exploring Careers, Routes & Possibilities

What did you learn?

"About all the different jobs we looked at"

"Teamwork."

"So many jobs offer apprenticeships, not just a few that I thought."

"The amount of branches."

"New jobs."

"You shouldn't be worried about the future, there are loads of jobs."

"How to become my dream job."

"I discovered careers I never knew existed."

"They are millions of jobs. You just need to find the one that suits you best."

Student Feedback

What did you enjoy most?

"Finding out the jobs we didn't know about."

"Learning about new jobs."

"I enjoyed just listening and taking all of it in. I don't really have a favourite, I enjoyed it all."

"Researching and learning more about unknown careers."

"Taking part."

"Learning everyone's dream jobs."

"Finding out new jobs."

"Everything!"

What did you least enjoy?

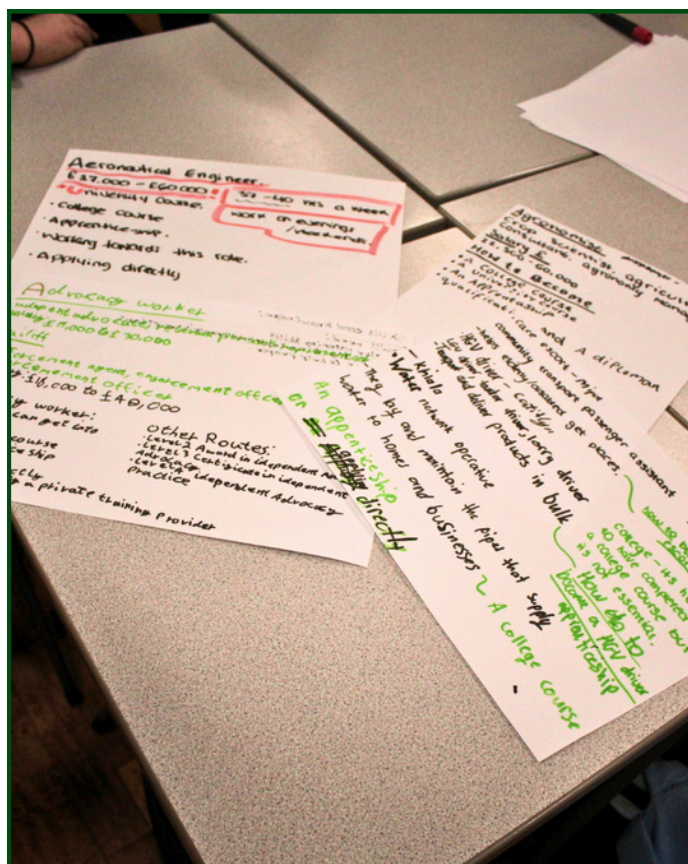

"It felt very rushed maybe we could have had a bit more time!"

"I didn't have a least favourite."

"Not enough time."

"

James 9P, Lucy 9N, Mia 9P,
Lily Sparkle 9G, Honey 9N,

Dash 9G, Leen 9G & Junior 9G

CAREERS EVENTS CONT'D

Job Centre Plus delivered a Workshop to Year 8 students on Monday 12th (8G&8H) & Tuesday 13th January (8N&8P). Understanding the intersection of social media, digital footprints and gender stereotypes is crucial for building a positive online identity. Lessons focus on managing permanent footprints, recognising how media perpetuates gender bias, and promoting inclusive, respectful online behaviour to counter restrictive stereotypes.

jobcentreplus

Social Media, Digital Footprints & Gender Stereotypes

What did you learn?

"Sometimes people don't realise that a woman can do the job just as well as men."

"There are different names for certain jobs that don't end in 'man'."

"Don't judge a book by it's cover."

"Most jobs like the Air Force and Fire brigade are stereotyped to certain genders."

"many jobs that had 'man' in them are now called 'person' e.g camera man is now camera person."

"All the options I could possibly consider."

About JCP

Jobcentre Plus (JCP) Support for Schools provides free, tailored careers advice and employability sessions for students. Delivered by DWP advisers, this initiative helps schools meet statutory duties, offering 1-to-1 support, workshops, and local employer insights to assist in transitions from school to work or further education.

Student Feedback

What did you enjoy most?

"The activities."

"The ice-breaker."

"The truth about people."

"The effects of gender stereotypes."

"The deserted island task."

What did you least enjoy?

"Learning that a nurse was a man."

"Looking for work on different websites."

"The end."

Faith 8G, Amelie 8P, Mya 8H,
Leo 8P, Jacob 8N & Chloe 8G

Shuttleworth College delivered an Assembly to Year 10 and 11 students on Thursday 15th January. Students were informed about all the opportunities available to them!

Information included:

- Vocational Courses
- T Levels
- College Facilities

+ much more!

Shuttleworth College Aims

1. To promote and support education and training
2. To participate in strategic partnerships and contribute to local agendas
3. To share and exchange knowledge and skills
4. To open up our physical environment and resources
5. To be a good neighbour

Post 16 Options

What did you learn?

"The possible apprenticeships and where they could take me if I decided to do them."

"The college courses include lots of practical work."

"There are opportunities for me - things I didn't know were available."

"All the different options at college."

"There are lots of courses you can do."

"All the options I could possibly consider."

Student Feedback

What did you enjoy most?

"The amount of useful information given out to students interested in apprenticeships."

"The college has animals!"

"Learning about the equine care."

"Watching the video that showed you all the students actually doing all the different courses."

"It was informative and opened my mind a bit more."

What did you least enjoy?

"I can't think of anything off the top of my head!"

"Not sure where the classrooms/lecture halls are or if there are any."

Zubi 11H & Oliver 10G

Empowering Positive Change through Careers Education

NATIONAL APPRENTICESHIP WEEK

What is National Apprenticeship Week?

National Apprenticeship Week (NAW) is the biggest week in the Apprenticeships calendar! It is an annual, week-long celebration of apprenticeships and anyone involved with them. The week brings together everyone passionate about apprenticeships to celebrate the value, benefit and opportunity that apprenticeships bring. 2026 will be the 20th NAW, having originally started in 2007. It runs from Monday 9th-Sunday 15th February 2026. It includes thousands of activities and events, both in-person and online, across England. There will be a huge media presence, with interviews and news articles throughout the week. Each year, the week has a theme. This year it is 'Skills For Life'.

Here at Fearnhill School we are celebrating and taking part in National Apprenticeship Week. Emails have been and will continue to be sent out to you in the build-up to and during the week of 9th-15th February for both students and parents/carers to be aware of all the great opportunities out there for you to grasp!

Make the most of the week and get ideas for your future pathway. 'Build the Future' - there is no time like the present to start building yours...

Subject Posters

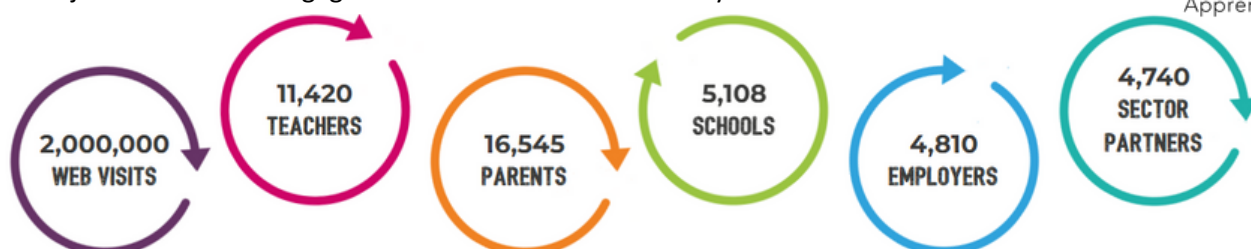

Look out for the new Apprenticeship posters that will be displayed in certain subject areas. The posters focus on 12 school subjects and the many apprenticeship roles they link with. Each poster highlights a ranges of apprenticeship roles linked to the subject to help inspire your students to think more broadly about their options!

AMAZING APPRENTICESHIP STATISTICS

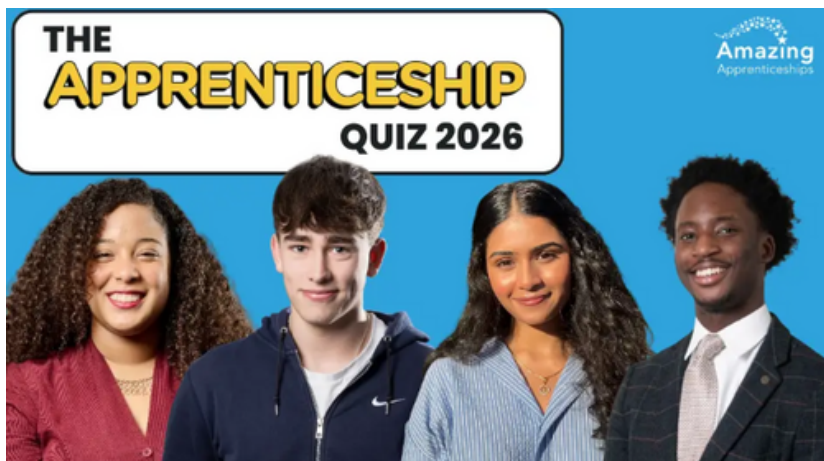

Amazing Apprenticeships is a leading organisation in the education sector, working with schools, colleges and employers, tackling misconceptions and promoting the benefits of apprenticeships and technical education. As experts on apprenticeships and technical education, we influence the way that apprenticeships are perceived and drive forward innovative and creative work in England and internationally, to ensure that more individuals and businesses can access the benefits of apprenticeships. We have already brought about a huge culture change amongst schools in the way that apprenticeships are perceived and promoted to students, but there is always more to do!

Take a look at just some of our engagement achievements from last year...

EMPLOYER OF THE WEEK

What's changed?

Higherin is where you'll kickstart your career journey, connect with a community of students who get it, and feel truly seen. Our new look is built entirely around what matters to you:

All on one platform: Higherin now supports students aged 14 - 24+ to find their dream apprenticeship, placement, internship and graduate role all in one place

Slick new branding that actually reflects you and moves away from the corporate world

An enhanced **personalised dashboard** with more smart application tools to make the job search process less overwhelming

Only see **opportunities that fit you** (the more you use it, the smarter our suggestions become - like your TikTok FYP)

Career content that builds confidence - success stories from students like you, unfiltered reviews, and free skills courses at your fingertips

Higherin Academy (previously On-Campus Promotions) - we're bringing together our student brand ambassador community with our platform to bring you the best work experience opportunities while at school, college or uni.

What isn't changing is our commitment to helping you find your dream career.

What are the benefits of doing an apprenticeship?

Apprenticeships offer a variety of fantastic benefits.

Check out our top 5 below...

EARN WHILE YOU LEARN

An apprenticeship is a real job with a paycheck! You can earn up to £28,000 a year (that's about £2,000 a month) depending on your age and program.

ENJOY EMPLOYEE PERKS

Besides getting paid, you'll also enjoy company perks like paid time off, gym discounts, and even healthcare benefits.

GAIN PROFESSIONAL QUALIFICATIONS

Spend 20% of your time studying for industry-recognized qualifications, from A Levels to even Master's degrees.

ACHIEVE YOUR POTENTIAL

91% of apprentices land a job or continue training after finishing. It's a smart way to kickstart your career, no matter what you want to be.

RateMyPlacement & RateMyApprenticeship are now Higherin

It's official! We've levelled up to support you on your career journey like never before. A new name, fresh look, and a fully personalised experience for finding your dream job.

Join the Higherin Community

Save Time

APPRENTICESHIP FAQs

Instruct and inspire to keep the nation on the fast track to fitness with sport and fitness apprenticeships

Sport is about more than just teams and competition - it's all forms of physical activity that improve physical fitness and mental wellbeing. Sport can even help people form social relationships. Millions of people enjoy sports at community leisure centres, private health clubs, outward bound centres, and after-school clubs - and all of these need keen and motivated staff to make sure things run smoothly and safely, as well as to instruct, inspire, and keep an eye on people. Sport and fitness covers all aspects of sport and recreation, from professional sport to exercise instruction - including work in leisure centres, gyms, swimming pools, stadiums, and private sports clubs, as well as a range of outdoor activities.

Any questions please [contact us](#).

SUBJECT OF THE MONTH - FEBRUARY

 Note down at least one thing you think you know about these subjects.

YR 7

Classical studies

1. Students who study this say they enjoy how broad their studies are. What would draw you to this subject?
2. Studying classics and English can feel challenging. What are the reasons for this?
3. What does a typical day look like for a classics and English student?
4. How can an interest in archaeology or ancient history help with this course?

YR 8

Asian studies

1. What are some of the topics you can study in East Asian studies?
 2. Why is it important to have an open mind when studying East Asian studies?
 3. What skills are needed to balance the different areas of East Asian studies?
- How does studying East Asian history help with understanding modern culture?

Unifrog's 'Career of the Month' and 'Subject of the Month'! Students can log on to Unifrog and watch a video interview with a professional or university student and answer reflection questions.

Hospitality, leisure, and tourism

YR 12

1. What part of this course do you think would be the most exciting for you?
 2. How do you think your previous experiences might help you with your studies in this course?
 3. What skills do you already have that might help you in this course?
- What would you start doing now to get ready for studying this course?

YR 10

Dentistry

1. What subjects are you already studying that might help with dental surgery?
 2. What aspects of dental surgery surprise you?
 3. How could you prepare now for a career in dental surgery?
- What do you think would be the best part of studying dental surgery at university?

Economics

YR 9

1. Which of your current school subjects could help you with economics?
 2. What kind of things do you already enjoy learning about that could link to economics?
 3. How could you learn more about economics outside of school?
- What skills can you practise now to help with studying economics later?

Crafts, jewellery, and woodworking

YR 13

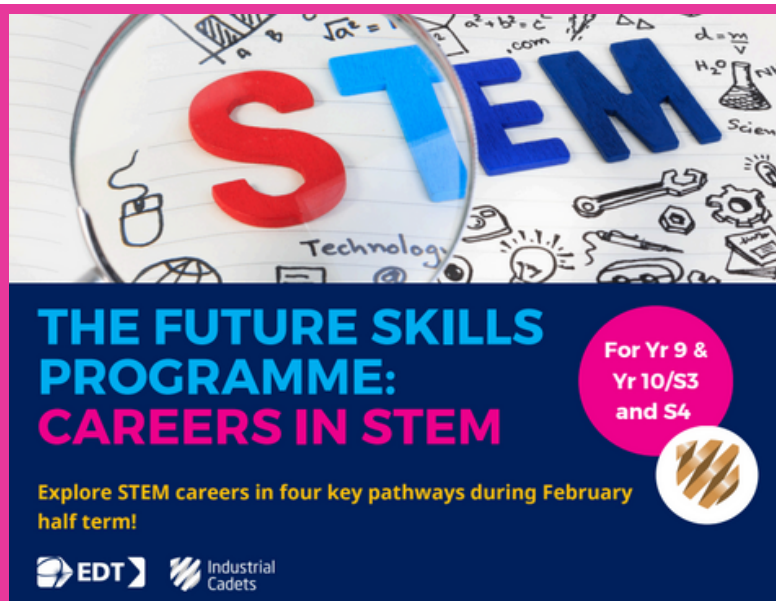

1. What part of this course do you think you would find the most exciting?
 2. How do you think your approach to creating jewellery might change after learning the history behind different techniques?
 3. What skills do you already have that might help you with the practical side of this course?
- How could you start exploring your personal style or interests in jewellery design now?

Events management

YR 11

1. How do you think the practical aspects of the course could help in any future career?
 2. What kind of events would you like to organise if you were studying this course?
 3. What do you think would be the hardest part of this course?
- What skills do you think are most important for managing successful events?
